

## Holly Lisle's Create A World Clinic (WORLDBUILDING SERIES Book 3)

Every Fiction Writer Builds Worlds...You know you want to hook your readers on your fiction. You desperately want to build a growing audience of fans who love your characters, your stories, and the world in which you set them. But chances are--unless you're a science fiction or fantasy writer--you're certain that you don't need to do any worldbuilding, because you equate building worlds with sticking a big fantasy map in the front of your book, and writing about aliens, or dwarves and elves and dragons. The truth is, worldbuilding is the process of creating immersive fiction, of making it possible for your reader to experience the suspension of disbelief that allows him to live in your world. Every fiction writer already worldbuilds. Most writers simply do it badly. Because most writers don't think they build worlds in their fiction, the worlds they build by accident: break their plots, kill their pacing, destroy their conflict, and eliminate their characters' motivation. By learning easy, fast techniques for creating immersive story worlds, you can be the writer whose work wins the readers you want. How easy? How fast? You can build your first world in about five minutes, and I've laid out this course so you can do this just by reading and doing the short workshop in the first chapter. You'll need a single piece of paper and a pen. Use the Amazon LOOK INSIDE feature to build your Dot World right now, and begin proving to yourself that you can worldbuild--and that constructing quick, simple, and intentional worlds will make your stories better than you ever dreamed they could be. You need one piece of paper and a pen or pencil. When you're done, look at what else the course comes with. Holly Lisle's Create A World Clinic includes: The 301-page, 70,000-word course... Divided into SANE techniques--simple worldbuilding to develop immersive plots, conflicts, and characters. And GEEK-DEEP

techniques used to write fiction when the world is a character, you want to keep all your readers while switching genres, or if you are writing series fiction...PLUS...Comprehensive, easy-to use printable worksheets that allow you to organize your worlds for consistency between books, and so that you can pick up an old series and begin writing in it again11 Geek-Deep videos with additional Geek-Deep worksheets8 worldbuilding maps used by the author to create several published series (Korre, Matrin, Known Space), including five flat maps and three 3-D mapsLifetime downloads of in-version course upgrades in PDF, .mobi (Kindle), and .epub formats.And links in the back of the book to let you get all the extras at no additional cost.When you use Holly Lisles Create A World Clinic...Youll get better stories.Better characters.Better plots.Better description.Better conflict.And MUCH better consistency from story to story and book to book.Learn how to create the immersive fiction that will bring your readers back to YOUR books time after time. Starttoday.

Gottumblr configures domain names to work with tumblr Home About Us Contact Us FAQ's Customers Products and Services For Businesses "Take Ownership of what you Create and Express on Tumblr" Call Us! 480-788-4495 How to Get a Free Domain Name for Your Tumblr Blog? Loved by Our Customers "I've been with a lot of different hosts and can honestly say you're the best, cheers." - Sara A. saraanicic.com How it Works 1. Search for the domain name you want or use a domain name you already own. 2. Select Tumblr from the drop down menu and enter your current tumblr blog url "mysite.tumblr.com". 3. Done. Our platform automatically configures your custom domain name to work with your tumblr blog. 97% of Customers Recommend Gottumblr. Frequently Asked Questions Q. How long does it take before my domain name is working? A. Once your payment is processed we immediately register and configure your custom domain name for tumblr. It may take up to 72 hours before your domain name propagates across the web. Q. What happens to my tumblr URL, do I lose it? A. No. You will always have your original tumblr address the only difference

now is that when people type "mycoolsite.tumblr.com" your custom domain name "mycoolsite.com" will show in the address bar. Nothing else changes. You still log in to your tumblr dashboard the same way, post using tumblr the same way, the only thing that changes is your tumblr domain name. Q. How do I create email accounts for my app? A. In your welcome email you are provided the log in credentials to a super easy to use control panel that will allow you to create and manage unlimited email accounts. It takes about 30 seconds to create an email account. Q. What kind of support does Gottumblr provide? A. Zombie Kind! Gottumblr provides 24 hour 7 day a week customer service for all issues regarding your domain name, email, sub-domains, and control panel. Visit our support page.
