

A Pictorial History of the Worlds Great Nations: From the Earliest Dates to the Present Time, Vol. 1 (Classic Reprint)

Pictorial History of the World sG reat Nations comprises the Histories of Greece, Rome, Germany, France, England, and of our own country. These Histories, the latter excepted, were written by the well-known writer, Miss Charlotte M. Yonge, and were published abroad a few years ago, meeting there, especially for the fine moral analyses in many parts, p) with universal favor. Of our own country, we have preferred the history written by Mr. John A. Doyle, and edited by E. A. Freeman, D.C.L., the great historian; for it enjoys a breadth of view and freedom from partisan bias, rarely attained by writers. As this work is more especially intended for readers who do not care to peruse the ponderous records of Universal History, we think it advantageous to confine ourselves to the above-mentioned nations, and mention others only when they come in contact mth those. The illustrations have been selected from the best sources, and we have aimed to present a work of unusual attractiveness and value. We think that the mass of beautiful engravings in the book will serve as much as the text in furthering a proper understanding of the subject, and that, moreover, many who might otherwise neglect the study of History, may read this so highly illustrated work.
