

Nietzsche: Writings from the Late Notebooks (Cambridge Texts in the History of Philosophy)

This volume offers, for the first time, accurate translations of a selection of writings from Nietzsches late notebooks, dating from his last productive years between 1885 and 1889. Many of them have never before been published in English. They are translated by Kate Sturge from reliable texts in the Colli-Montinari edition, and edited by Rüdiger Bittner, whose introduction analyzes them in the context of Nietzsches philosophy as a whole. This volume will be widely welcomed by all those working in Nietzsche studies.
