

The Crown of Wild Olive: Four Lectures on Work, Traffic, War, and the Future of England (Classic Reprint)

South England, nor any more pathetic in the world, by its expression of sweet human character and life, than that immediately bordering on the sources of the Wandle, and including the lower moors of Addington, and the villages of Beddington and Carshalton, with all their pools and streams. No clearer or diviner waters ever sang with constant lips of the hand which giveth rain from heaven ;no pastures ever lightened in springtime with more passionate blossoming; no sweeter homes ever hallowed the heart of the passer-by with their pride of peaceful gladness fain-hidden yet full-confessed.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
