

Magnetolectronics

The arrival of the information age took most people by surprise including scientists and technologists. Today, research on better, smaller, and faster ways to store and transfer information continues to grow, and growing fast within this scope is the field of magnetolectronics. With its possibilities as a magnetic storage technology capable of overcoming the vulnerabilities of CMOS (complementary metal on oxide semiconductor), magnetolectronics promises to be an important installation in the information era.

Tumblr is a micro blogging platform that allows people to post anything they want. Tumblr Easily move your domain from tumblr Gottumblr is a domain name registration service that will register and configure any domain name to work with any tumblr blog. Customers have the option of registering a new domain with us or using a domain name they already own. Customers get free email accounts, easy email management, and easy use with 3rd party email clients like Outlook and Thunderbird. Plus, all Gottumblr.com customers get FREE weekly sitemap submissions to Google, Yahoo, Bing, Ask, Hotfrog and WOW. Watch this Video that will show you how easy it is to use a custom domain name with tumblr. Watch this Video that will show you how to create custom e-mail accounts for your tumblr blog. Loved by Our Customers "I've been with a lot of different hosts and can honestly say you're the best, cheers." - Sara A. saraanicic.com How it Works 1. Search for the domain name you want or use a domain name you already own. 2. Select Tumblr from the drop down menu and enter your current tumblr blog url "mysite.tumblr.com". 3. Done. Our platform automatically configures your custom domain name to work with your tumblr blog. 97% of Customers Recommend Gottumblr. Frequently Asked Questions Q. How long does it take before my domain name is working? A. Once your payment is processed we immediately register and configure your custom domain name for tumblr. It may take up to 72 hours before your domain name propagates across the web. Q. What happens to my tumblr URL, do I lose it? A. No. You will always have your original tumblr address the only difference now is that when people type "mycoolsite.tumblr.com" your custom domain name "mycoolsite.com" will show in the address bar. Nothing else changes. You still log in to your tumblr dashboard the same way, post using tumblr the same way, the only thing that changes is your tumblr domain name. Q. How do I create email accounts for my app? A. In your welcome email you are provided the log in credentials to a super easy to use control panel that will allow you to create and manage unlimited email accounts. It takes about 30 seconds to create an email account. Q. What kind of support does Gottumblr provide? A. Zombie Kind! Gottumblr provides 24 hour 7 day a week customer service for all

issues regarding your domain name, email, sub-domains, and control panel. Visit our support page.
