

## Faust, Vol. 1: The First Part (Classic Reprint)

Excerpt from Faust, Vol. 1: The First Part  
According to my conceptions the one great purpose of the editors notes to a classic should be to help the reader enter more perfectly than he otherwise might into the thought and feeling of the author. Philological lore which would have been news to the author and does not contribute to a proper understanding of the authors meaning, is, in general, out of place and entitled to no better name than pedantry. The rule is, however, subject to this limitation: peculiarities of diction, which pertain to the authors individual style (the style is the man), may properly be made the subject of brief philological comment for the purpose of giving the reader, so far as may be, the authors exact point of view.
